EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application is in condition for allowance except for the presence of claims 19-32 directed to non-elected group without traverse filed on 10/27/03. Accordingly, the application has been amended as follows:

Claims 19-32 have been canceled.

Allowable Subject Matter

2. Claims 1-18 and 33-50 are allowed.
3. The following is an examiner's statement of reasons for allowance:
4. The prior arts of record do not anticipate or render obvious to one skilled in the art an array substrate for in-plane switching liquid crystal display device or a method manufacturing such a device comprising various elements, more specifically a plurality of light-shielding patterns between one end of the pixel electrode and the intersection of the common line and at least one common electrode.
5. USPAT 6,552,770 and US 2002/0057411 (assigned to the common assignee) disclose an in-plane switching type liquid crystal display device having pixel electrodes and common electrodes with bent portion and light-shielding patterns. Further, USPAT 5,946,066 and USPAT 6,483,566 and USPAT 6,538,713 and USPAT 6,608,662 disclose in-plane switching type liquid crystal display device having pixel electrodes and common electrodes with bent portions. However, all of the references alone or in combination with any prior arts fail to teach or suggest the claimed liquid crystal display device comprising a plurality of light-shielding patterns between one end of the pixel electrode and the intersection of the common line and at least one common electrode in combination with all other recitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
